

(VP2030) 6 in 1 portable storage

1. Introduction :

X's-Drive, both a portable palm-sized hard drive doubles as a card reader for fast & easy file transfer and storage.

Combining the high storage capacity and rechargeable batteries pack, the

X's-drive is convenient to take anywhere , traveling ,business trips . just insert the memory cards into the corresponding slot , *X's- Drive* allows users transfer high-resolution photos or digital data from memory cards into the built-in HDD with a simple button operating.

No longer need to carry your laptop PC around or purchase a bunch of memory cards for your digital camera use,and no need to worry about running low in memory card's storage space anymore!

The *X's- drive* can also conveniently connect to a PC ,Mac or Linux system via its USB port ,your computer will recognize it as a removeable drive , you can then write , delete or edit the data on PC.

It is the great solution for all your digital data storage needs.

Features :

- ♣ Stand -alone palm-sized rechargeable storage device. No PCs required.
- ♣ Support SmartMedia , SD/MMC , Memory Stick and Compact Flash Type I/II ,IBM MicroDrive.
- ♣ Infinite memory & storage expansion configuration with internal Hard Disk
- ♣ Able to copy the data from memory card(s) into the internal hard drive .
- ♣ Able to create up to 999 folders
- ♣ No adapter needed for memory cards .
- ♣ USB 1.1 connectivity to PCs.
- ♣ Using the X's-drive as a card reader via USB
- ♣ Fast & easy file transfer and storage with a simple button operating.
- ♣ Back up all kinds of files as the 2.5" external HDD , USB card reader/ writer.
- ♣ LED indicators show the status of X's- drive while operating.
- ♣ Long battery operation - full charge allows 42 transfers of 128 MB memory card .
- ♣ Provides up to 2.5 hours (150 minutes) of use , with approximately 500 recharge cycles.
- ♣ Convenient charged by a generic AC/DC adapter.
- ♣ CE /FCC certification .

➤ **Specifications:**

ITEM	DESCRIPTION
Support Memory Card Interfaces	Compact Flash™ Card type I/type II (CF) Smart Media™ Card (SM) Memory Stick® (MS) Secure Digital Card (SD) MultiMedia Card (MMC) IBM®MicroDrive
Hard Disk Size	2.5 inch
Hard Disk Capacity	Unlimited (Any 2.5" HDD)
DC Power	12V adapter (1500mA) Li-Ion rechargeable battery 7.2V* 2 (720mA)
Supply Voltage	9V~18V
Supply Current	working:12V(360mA) / standby :175mA
Rechargeable battery life	Approx. 2.5 hours (A full charge)
Download interface	USB 1.1 interface port
Download Speed	Up to 480kBps (3.84MBps)
Files System	Support Standard FAT 12/16/32
PC Peripheral	USB 1.1 Interface with standard storage device
OS supportability	<ul style="list-style-type: none"> • Windows98/98SE; Win 2000 (with device driver) • Linux Kernel version 2.4 or above without driver • Mac OS 8.6 ~ 9.0 with driver ; Mac OS 10.01 above without driver
Accessories	Power adapter / USB cable / user's guide / Driver Disc/Carrying Bag (optional)
Operating Temperature.	0° C ~70° C
Storage Temperature	-40° ~70° C
Humidity	90% RH
Weight	288 g (including HDD)
Dimension (L*W*H)	13.0*7.5*2.5 cm (5.12*2.95*0.98 inch)

2. General Functions:

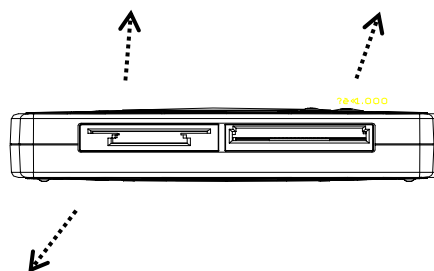

<i>LED Indicator /Button</i>	<i>File transfer status</i>
①	Power on
②	Error (File transfer error or the capacity for Hard Disk is full)
③	Recharge
④	Low batteries
⑤	SmartMedia (SM)
⑥	Memory Stick (MS) /Secure Digital Card (SD) / MultiMedia Card (MMC)
⑦	Compact Flash Card type I/type II (CF) / IBM MicroDrive
⑧	Internal Hard Disk
⑨	Power on / off
⑩	Copy key ; Stop copying

Front Panel:

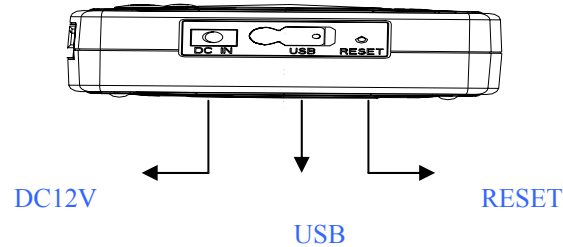

SM card slot :
For the SmartMedia card insertion

CF card slot :
For the CF card / Micro Drive insertion

Memory Stick, MMC/SD card slot:
For MMC/SD / Memory Stick card insertion

Right Panel :

4 Using the X-drive.

-Downloading the digital images or data from memory cards to X-drive
